## W. H. HAGAN IS DEAD

Succumbed to Heart Disease at Central Station.

### HIS HEALTH HAS BEEN POOR

But He Was Feeling Unusually Well When He Arose This Morning.

William H. Hagan, for years a well known resident of this city, died suddenly at the New York Central passenger station shortly after 11 o'clock Wednesday. The deceased had been suffering from heart trouble for a long time and only recently had a bad spell which nearly resulted in his death.

He recovered somewhat but has been far from being a well man for the past few weeks. This morning he felt unusually bright and well. He came down town and greeted acquaintances in a cheerful manner, stated that he felt fine and had enjoyed the best night's sleep that he had had in a long time.

He started for the 11:18 train to greet some acquaintances with the Frank A. Robbins circus who were expected on that train. When the train pulled out of the station the deceased started to walk back up town.

At the yardmaster's shanty in Chapel street he was seen to lean heavily on his cane and brace himself against the shanty. Suddenly he pitched forward and fell by the side of the shanty. His head struck a piece of brick, cutting quite a gash in his forehead.

Pedestrians rushed to the scene and Doctor Moran was summoned. His services were not needed as death had ended all sufferings. The deceased was born in Dayton, O., and died in the 63d year of his age. He had lived here for over 30 years. During the greater portion of his life he was identified with the circus business in various capacities and had held positions with nearly all the prominent circus proprietors. He was a veteran of the Civil War and a member of Cayuga lodge, Knights of Pythias.

A few weeks ago his mother died in Dayton, aged 88 years, but the deceased did not attend the funeral, under the advice of his physician.

The remains were taken to the family home in Mattie street after Coroner O'Neill had rendered his verdict that death was due to heart trouble.

Funeral services will be held at his late home, No. 51 Mattie street, Friday at 2 p. m. Burial will be made in Fort Hill.

### HEARST'S STATEMENT.

Says He Is Opposed to the Murphys, McCarrans, et al.

New York, Aug. 22.—William Randolph Hearst last night gave out a statement in which he said:

"I am absolutely and unalterably opposed to the Murphys and the McCarrans and also the Sullivan and the McClellans and the kind of politics that they all represent.

"I am opposed to boss rule in politics.

"I am opposed to corporate control of parties, through machines and the fact that a boss or a machine declares for me does not alter my attitude in any particular. I am opposed to the Ryans and Belmonts and the Jeromes in politics, to the corrupt use of wealth to debauch the ballot and to the purchase of puppets in office.

"I am opposed to these paid puppets in office who serve their corporation masters slavishly and shamelessly through their whole term of office and only develop a semi-sense of decency and a pretended regard for the people when an election is pending.

"The country needs a purifying independent movement, because the old parties are infested with the vermin of bosses, corruptionists and rascals in office who mouth empty words about civic righteousness while the dollars of their corporation masters are jingling in their pockets.

"Mr. Roosevelt says that the people need a 'square deal.' I would add, to have a square deal they must have a new deal, for nearly all the cards in the old political packs are marked by the corporations, and dirty and dog-eared from the corrupt uses to which they have been put."

### OSBORNE REAPER DOES WORK IN MONTEZUMA MARSHES.

TEST MEANS A GREAT DEAL

And 30 Agents Here for Instructions Saw the Complete Success of It.

In the sweltering heat of yesterday there gathered on a piece of marsh land near the village of Montezuma a big crowd of people interested in a demonstration to show that the marsh flag, which has recently leaped high in value, can be gathered with no more labor than is required to gather the ordinary wheat crop. In years gone by the gathering of flag has been a tedious task and the price received for it was not such as to make the business much of an attraction.

Recently Charles Higgins, supervisor of the town of Montezuma, conceived the idea that the old and almost forgotten-in-this-section reaper, such as was in common use in grain fields prior to the advent of the self binder, might be utilized in cutting the flag, which has been heretofore gathered with an ordinary corn knife.

Mr. Higgins came to Auburn late last week and he had a talk with H. H. Hanson, general agent and Frank S. Jacques, assistant general agent for the Auburn territory of the Osborne branch of the International Harvester company. The scheme looked like a good one to them and yesterday they gave it a trial. Thirty travelers for the harvester company are here for their annual instruction and they were taken along to witness the test.

The trip to Montezuma was made in wagons and when the Hanson-Jacques party arrived half the population of the town was on hand to witness the trip around a piece of flag and the way it cut it down brought joy to the hearts of everybody present. The test was a practical demonstration that the old slow way of gathering the flag is surely out of date.

Friday the visiting agents will be given an outing at Ten Mile Point on Skaneateles lake. The following agents are here: D. V. Dunn, Rice; C. B. Chismore, Mohawk; W. H. Frain, N. Y.; Banks, Vt.; L. D. Brown, Hartford, Conn.; H. C. Loveland, Ellington, Conn.; J. H. Turbill, Batavia; D. V. Dunn, Oswego, Vt.; Fred Walker, Knoxville, Pa.; C. L. Cobbs, Ledyard, A. E. Connell, St. Johnsbury, Vt.; Will Colter, Cobleskill; H. W. Haviland, Burlington, Vt.; D. R. Hovad, South Cambridge, N. Y.; Ira B. Darfee, South Cambridge, N. Y.; M. D. Clark, Knoxville, Pa.; J. J. Malloy, Albany; H. J. Fehpeler, Poughkeepsie; C. O. Manswaring, Sidney, N. Y.; Daniel Kaley, Buffalo; H. C. Roebuck, Albany; E. H. Lucia, Rochester; M. H. Cline, Jamestown, N. Y.; A. U. Mc Gee, Auburn; M. H. Croasley, Cortland; C. F. Holland, Auburn; J. H. Pickard, Auburn; J. F. Sharp, Ogdensburg, N. Y.; J. J. Ellison, Spencer, N. Y.; George H. Smith, Auburn; F. S. Miles, Canaan.

Bell Sent to Jail.

Canandaigua, Aug. 22.—Howard Bell, colored, charged with stealing \$24 from the Misses C. M. and L. E. Clarke of Hubbell street, by whom he was employed, has been sentenced to six months in jail for forging an order on E. K. McNulty for \$3.85. Officer William Sheeha traced Howard to Auburn and the young man confessed that he took the \$24 from the Misses Clarke, and part of the money was found on his person.

### ARRESTED IN MEXICO.

Stensland Reported to Have Been Taken into Custody There.

Chicago, Aug. 22.—The Record-Herald says:

"A private dispatch received in Chicago from El Paso at midnight reported positively the arrest of Paul O. Stensland, fugitive president of the wrecked Milwaukee Avenue State Bank, at Aguas Calientes, Mexico. A telegram was at once sent to Springfield to ascertain whether Governor Deneen had been notified of the arrest and what action had been taken looking to the extradition of the fugitive. It was learned that a telegram which is now in the hands of his secretary. Chicago police claim to have received no information of the arrest."

HEMLOCK IS HIGH.

Former Auburnian Will Retain Tammany District Leadership.

Auburn friends of Peter A. Hendrick will be interested in the following from the New York News: "Thomas A. Maloney is a supervisor in the Tenement House department and is one of Tammany leader Peter A. Hendrick's hardest workers. Mr. Hendrick is of the Thirty-first Assembly district.

"Mr. Maloney has an association named after him, and last Sunday it had its annual outing at Belvidere Park, North Beach, L. I. Five hundred persons were present. There were games, races, etc., prizes being given the winners.

"A dinner was served, at which Magistrate James J. Walsh, Tammany leader of the Twenty-first district; Senator James J. Frawley, Tammany leader of the Twenty-sixth district; Peter A. Hendrick, Tammany leader of the Thirty-first district, and Edward P. Maguire, secretary of the Thirty-first District organization, made a speech.

"The Tammany Association is whooping it up for Mr. Hendrick, who is a candidate for re-election as leader of the Thirty-first district. Its headquarters are at 116th street and Lenox avenue.

"One Abrams has put himself in the field against Mr. Hendrick, but he is cutting no figure whatever. Except for the noise made by Abrams himself no one in the district would think that he was in the race. Mr. Hendrick has won the fullest satisfaction to the party members and voters in the district since he was leader, and also the four years he served as chairman of the General committee, and they are not seeking any change.

"Mr. Hendrick's popularity and strength are shown by the weakness of the candidate running against him, and the fact that no one else could be got to oppose him."

### FIREMEN ELECT.

President, Thomas P. Hefferman of Dunkirk; first vice president, Edward F. Kelly of Elmhurst; second vice president, John L. Knye of East Syracuse; secretary, Thomas Honahan of Frankfort; treasurer, John P. Powers of Ossining.

Elmira was chosen for the next convention.

## CRIME IS RAMPANT

Wholesale Murders and Few Arrests in Russia.

### POLICE SEEM POWERLESS

No Decrease Shown in the Number of Murders and Robberies—Assassin's Escape.

St. Petersburg, Aug. 22.—In spite of the wholesale arrests and deportation of revolutionists the big centers daily chronicle of murder and robbery is not appreciably diminishing. The police seem to be utterly powerless to capture the criminals. They do not make an arrest in one case out of 25.

While the revolutionary opposition to the government has thus degenerated into a campaign of crime, three political parties, the Constitutional Democrats, Octoberists and Regenerationists, are drifting. The efforts to effect an amalgamation have failed and all the leaders seem to be greatly as sea as to what tactics to pursue.

The Rech, which reappeared today, makes an attempt to analyze the amalgamation, but evidently it does not know which way to turn.

Melinkoff, who was connected with the conspiracy which was responsible for the assassination of former Minister of Public Instruction Bogolepoff, in company with Sazonoff, the assassin of former Minister of the Interior Von Plehve, and several other Terrorists, has escaped from Akkatul, Trans-Balkhia. This party was the last batch of prisoners taken from the Schusselburg fortress.

It is announced that some amelioration of the condition of the Jews will be made without awaiting the action of Parliament. A commission is now sitting at the ministry of the interior elaborating a general project of law, the provisions of which, however, will only include an extension of the limits of the pale of residence and an extension of the rights of higher education.

### SITUATION IN SAMARA.

Disorder Is Prevalent and Many Have Been Killed.

Samara, Russia, Aug. 22.—The agrarian situation in this province is most grave. Disorders are prevalent in numerous districts and troops have been requisitioned to restore order in three localities where firing is going on. Many men have been killed.

The peasants of the Kosloff estate, who recently seized and occupied the land, have returned the property to its owners.

A strike of factory hands has begun in Samara and a number of agitators have been arrested.

### Land Owners' Panic.

St. Petersburg, Aug. 22.—Official statistics show the extent of the panic among the land owners. Since last November 1,762,567 desiatines, (a desiatine is a little over two and a half acres), of land were offered to the peasants' bank at about 268 per cent. debit, but the amount actually bought and sold to the peasants is not stated. The bank is selling the land to the peasants on easy terms. In some places it is said the land question is settling itself by this method.

### ADAMS'S GREAT SHOWING.

No Choice Between Auburn Man and Two Opponents for Grand Warden.

Buffalo, N. Y., Aug. 22.—The committee which canvassed the vote of the Grand Lodge of Odd Fellows announced today the following result:

Grand master—John W. Coburn, Columbia lodge, New York.

Deputy grand master—Stephen J. Daring, Voorheesville lodge, Albany.

Grand secretary—Harry Walker, Progressive lodge, New York.

Grand treasurer—John F. Bullen-kamp, Magnolia lodge, Brooklyn.

A sharp contest developed in the selection of a man to succeed Stephen J. Daring as grand warden, and as the vote did not result in a choice, the election is thrown into the grand lodge. The three men between whom there was no choice were William H. Friday, New York, Joel Krone, New York, and Charles G. Adams of Auburn. Messrs. Friday and Adams desired to withdraw in favor of Mr. Krone, but the delegates raised an objection.

An amendment to the constitution providing for a change in the method of electing officers was tabled for a year.

An amendment to have the per diem allowance of delegates paid by the grand lodge instead of by the separate lodges as at present was also laid on the table for a year.—According to the report of the Credentials Committee over 75 per cent. of the 308 lodges of the State are represented at the convention.

### Adams Withdraws.

Buffalo, Aug. 22.—Before the Grand Lodge went into session this afternoon it was stated that Mr. Adams had withdrawn, leaving the contest between Messrs. Friday and Krone.

Albany was selected as the next convention city.

## A SHORTAGE OF FUNDS.

More State Troops Than Were Expected in Government Camps.

Washington, August 22.—After a month of hard work Assistant Secretary Oliver of the War department concluded that he had finally made a satisfactory adjustment of the many difficulties in apportioning the appropriation of \$700,000 for pay of the militia at the manoeuvres in different camps throughout the country, but it appears that all is not satisfactory. These funds had to be apportioned to the quartermaster's department, the subsistence department and the pay department of the army for the purpose of quartering, feeding and paying the State soldiers. Reports were obtained from different State governors as to the number of troops that would be sent to the encampments, the distance they would travel, etc., and the apportionment was made on the basis of the reports received.

However, in some cases more State troops than had been given in the schedules were sent into the camps and more expense was thus attached. This caused a deficit in the allotment of funds, and especially in the matter of pay for the State troops. The pay department of the army decided to pay the troops as long as the funds lasted, those who came last going unpaid. It has been suggested that another adjustment may be made after the camps have finished their work which is that some camps may not use all the money allotted to them and the funds can be used to make up the deficiencies elsewhere. No attempt to make an adjustment at this time will be made as nothing definite is known as to the number of State troops which will be at the different camps. It is possible that Congress will be asked to make an appropriation to cover the deficit and the State troops paid next winter.

### ENDS LIFE WITH REVOLVER.

Treasurer of a New York Firm of Lawyers a Suicide.

New York, Aug. 22.—William A. McAneny, 44 years old, living in the Bronx, committed suicide in the bathroom of his apartments today. He shot himself with a revolver. He was the treasurer of the Associated Lawyers, with offices at No. 170 Broadway.

Mrs. McAneny and her 19 year old daughter, Louise, said they could assign no reason for the lawyer's suicide. They said he had no business troubles so far as they knew. He had been complaining recently of illness, but they had no idea it was anything serious.

### REPORTS WERE PREMATURE.

Justice Rogers Has Not Signed Order for the Release of Preusser.

Watertown, N. Y., Aug. 22.—Justice Watson M. Rogers, before whom application was made yesterday for an order releasing Richard E. Preusser from Matteawan hospital, has taken no action in the matter as yet, and he declared this morning that he would probably make no disposition of the case today.

Preusser was committed to Matteawan by Justice Rogers after he had been acquitted by a jury at Ulster of the charge of murdering Miles McDonnell, at Albany. The jury found that the defendant was insane. A short time ago, Doctor Clark, the medical officer at Matteawan, declared that Preusser was sane and the application for his release was based on the certificate of Doctor Clark.

Reports published locally and elsewhere last night to the effect that Justice Rogers had ordered the release of Preusser were premature.

### NEBRASKA REPUBLICANS.

Fleets of Interest in State Convention at Lincoln.

Lincoln, Neb., Aug. 22.—With every indication that it would be the most exciting Republican convention ever held in the State, Nebraska Republicans met today to name candidates for governor and United States senator. Supporters of Morris Brown, State attorney general, who is a candidate for United States senator, expressed confidence in the outcome, as did supporters of Edward Roweater.

George L. Sheldon, the young farmer candidate for governor, led in the number of pledged votes before the convention met. All the other candidates for governor attempted today to form a combination against him, but failed to agree upon a candidate.

### ROBBERS GOT AWAY.

They Exchanged Shots With Westbury, L. I. Citizens.

New York, Aug. 22.—The post-office in the railroad station at Westbury, L. I., was entered by thieves this morning. They blew open the safe with dynamite, but succeeded in opening only the outer compartments so that a quantity of stamps was all the thieves could secure.

The thieves, four in number, went to Westbury in an automobile. While they were making their escape, after the robbery, there was an exchange of shots between the thieves and citizens who had been aroused by the noise of the explosion.

The thieves escaped unscathed, but William Connors, an employe of the United States hotel, received a bullet wound in the arm.

Jimmy—I guess Johnny is a liar, or something. Jamie—Why? Jimmy—He told me his granddaddy lost a leg or a arm in every battle he fought, and I asked him how many battles he was in and he said, "More a forty."—Cleveland Leader.
