$2200 Will buy the new modern home, No 63 Seward ave. First house north of Genesee st. Anyone thinking of building had better look at this house first. Furnace heated, cement cellar, piped for gas, up-to-date plumbing, with porcelain bath tub, syphon closet, low down water tank, full 8 room house, with 4 clothes closets, 80c lot, cement walk in course of construction, close to car line, near good school and church and in a healthy part of city. One could hardly find so many advantages in one place elsewhere in the city at such a low figure. You could not duplicate it for $2,500. The owner is about moving out of town and bound to sell. Look it over quick; it is a bargain.

$2500 Buys No 169 Van Anden st. This house is heated by steam, has all the modern improvements, with stone walk and curb, shade trees, garden and a good barn. This is near the new church, on a good street, and has never been offered before for less than $2,750.

$2250 Buys No 13 Van Anden st. This place is owned by Ernest Bugbee, who has moved to another city, and sells at a much less figure than it has cost him. Large, 14 room house, rented for $13 below and $9 above, and a large barn, renting for $- per mo to good tenant. House has bath and closet below, closet above, with gas and fixtures, a good, cement cellar, stone walk and large lot. Just the place for a milk man, dray man or any one that needs central location, with good barn on the premises and an income to pay taxes and interest, besides a place to live in. $1,250 down, balance easy.

$1350 Buys the cosy little home, No 14 Perrine st. This little house rents for $13 per month, and lot large enough to build two double houses on. Near North st and close to the car line; it ought to sell quick. Look it over.

MANY TOURISTS RETURN.

NEW YORK, Sept. 13.—The American line steamer Philadelphia arrived to-day from Southampton and Cherbourg with her cabins filled with returning tourists. A number of passengers who had to return on this steamer were obliged to come in the steerage, there being no accommodations in the saloon or second cabin. General Joseph Wheeler and his two daughters are passengers. Yesterday afternoon General Wheeler, speaking to Captain Mills, said: "Captain, I would like to climb up to that crows nest."

"Go on, I will not stop you," said Captain Mills and the general went aloft.

OREGON MAY GO TO CHINA.

SEATTLE, Wash., Sept. 13.—The battleship Oregon, Captain Barwell, will sail for San Francisco to day for orders. The expectation is that she will be sent to China. The Oregon has been at the Puget Sound navy yard for more than a year. She has had practically a new bottom and a new deck put in, her repairs costing in the neighborhood of $160,000. She leaves the navy yard in practically as good condition as when she started on her famous voyage around the Horn four years ago.

IS STILL BURNING.

The Destructive Forest Fires In Oregon Continue Devastation.

SEVERAL TOWNS IN DANGER.

Many People Rendered Homeless and Large Numbers of Livestock Destroyed. Railroad Bridges Have Been Burned and Telegraphic Communication With Several Places Has Been Entirely Cut Off—Citizens Have All Turned Out to Fight the Flames—The Dense Smoke Has Seriously Hampered Business and Shipping Along theCoast.

OREGON CITY, Ore., Sept. 13.—Late reports from Springwater state that 60 people are homeless as a result of the forest fire. All of the country between Oregon City and Portland is burning. At Springwater the fire has destroyed a church, schoolhouse, Maccabee hall, Grange hall, postoffice, store and many dwellings. The people were forced to flee for their lives. Many horses, cattle and hogs were burned. The most valuable timber belt in Clackamas county is practically burned out. Reports from Salmon river state that the McIntyre place has been destroyed and the store, post office, a house and barn and 55 tons of hay have been consumed by the flames. Large numbers of live stock were burned to death.

Railroads Are Patrolled.

EVERETT, Wash., Sept. 13.—Forest fires are raging along the great Northern road between Skihomish and Wellington. Telegraphic communication between here and Seattle has been cut off. Freight and passenger traffic from the East is at a standstill owing to the burning of a bridge at Alvin, near the Cascade tunnel. The great Northern is patrolling the line with engines fitted with fire fighting pumps.

A Town in Danger.

SEATTLE, Wash., Sept. 13.—The density of smoke from forest fires in various parts of adjacent country districts is increasing. Transportation facilities on all sides are badly impaired and communication with many counties is cut off. Nearly all mails are late. The most serious fear is that Enumclaw, a little town just South of Seattle, will be burned. The citizens are all fighting the fire in the woods near by. So far they have succeeded in checking its approach toward the town.

Houses and Barns Destroyed.

ELMA, Wash., Sept. 13.—Forest fires are raging over a large area of country East of Elma. Several large mills have been destroyed. The Star mill and village have been wiped out. The men fought bravely but had to yield and fly for their lives. Wagon loads of refugees are arriving from the burning district and people are beginning to move out of Elma. Many farm houses and barns have been destroyed.

Details of the Destruction.

PORTLAND, Ore., Sept. 13.—The result of the forest fires which are raging in this vicinity may be summed up substantially as follows up to the present time:

Tillamook City has been saved from impending doom by a timely change in the wind.

Sixty persons in the town of Spring water, Clackamas county, were rendered homeless and a fine timber belt destroyed.

The destruction of the village of Viola seems certain.

A woman was burned to death near Vancouver, and a woman and child are missing.

Mills, lumber and timber to the value of $1,000,000 were destroyed in Chehalis county, Washington.

Details of various losses from numerous country districts are arriving. The weather bureau has given no promise of rain within the next 24 hours.

HELD UP AND ROBBED.

COLFAX, Cala., Sept. 13.—A teamster named Charles Murray, who drives a freight wagon for the Ursa Major Supply company at Iowa Hill, has been held up by two masked robbers on the road between Colfax and Iowa Hill and robbed of $1,900, which was to be used to pay off the men at the Big Dipper mine. Murray was tied to a tree, where he was found when the stage drove up.

A MYSTERIOUS FIRE.

PITTSBURG, Sept. 13.—Ridgeview camp meeting grounds at Wilwook, a few miles East of Derry on the Pennsylvania railroad, were visited by a mysterious fierce fire last night, which destroyed 45 cottages, the hotel and a store, causing a loss of about $25,000. Most of the cottages had just been built this year and were occupied, but the hotel was closed.

FIRE PARTLY CONTROLLED.

BEAUMONT, Tex., Sept. 13.—Reports from the scene of the fire in the oil field, up to 2 a. m. are to the effect that the work of checking the flames is progressing favorably.

Steam from 100 boilers will be used to-day to smother the blaze completely.

STOCKS IRREGULAR.

WALL STREET, Sept. 13.—Despite the higher level for prices in the London market for Americans the local market opened irregular and inactive on dealings. Fluctuations, however, were slight either way with pressure shown against St. Paul, Missouri Pacific, Pennsylvania and New York Central. Slight gains were made by Union Pacific, Southern Pacific, Atchison and Reading.

A BIG RAILROAD COMBINE.

The Vanderbilt and Pennsylvania Systems Form an Alliance.

CLEVELAND, O., Sept. 13.—The Leader, this morning, says: A financial alliance has been formed by the two great factors in the Eastern railroad field, the Vanderbilt interests and those of the Pennsylvania systems. The working agreement has been close in the past, but it has never come to an allottment of territory and division of property between two big houses such as the new arrangement entitles.

The combination grew out of a competitive movement of several months ago. The two big interests were mutually interested in the bituminous coal fields, and in the hard coal fields as well. The Pennsylvania predominated in the former and the Vanderbilts in the latter. By an understanding the Vanderbilts yielded the soft coal fields to the Pennsylvania, in return for a similar concession on the hard coal from Pennsylvania. The Eastern field was threatened by an invasion first by the Goulds, and later by the Grand Trunk railroad, and these big financial interests wanted to preserve the territory for themselves, and the ties that had been formed by the coal deal were strengthened in the endeavor to protect the Eastern field. The interests of the two big houses were growing gradually together, and soon resulted in an understanding such as has now been reached.

A short time ago—just before W. K. Vanderbilt went abroad—Mr. Cassatt, the president of the Pennsylvania railroad, went to call upon him. This is the meeting of which so much was conjectured at the time, but so little known definitely. At that time it was agreed to form an offensive and defensive alliance in the East to completely control the situation and exclude all others from that field, except the favored members of the alliance. The organization promises to be the most domineering that has ever been formed. The aim of it is to absolutely control the transportation facilities in the territory between Chicago and St. Louis, the Great Lakes and the Ohio river and the Canadian boundary and the Potomac river, through to the Atlantic coast. In that territory they will be subject only to the interference of the Inter-State commerce commission, and it is their aim to block the progress of every other road which tries to invade that territory. The roads included in the combination are the New York Central, Pennsylvania, Baltimore & Ohio, Chesapeake & Ohio, Norfolk & Western, Philadelphia & Reading, Lake Shore, Big Four, Michigan Central, Nickel Plate, Boston & Albany, Baltimore & Ohio, Southwestern, Pere Marquette, Hocking Valley and Lake Erie & Western.

REFORM NEEDED IN CHINA.

SAN FRANCISCO, Sept. 13.—Speaking of the commercial outlook in the Orient General T. Sharratte, the United States commissioner who recently aided in framing a new tariff for China and who is now here, enroute to Washington, said: "Reform is urgently needed in the financial policy of China and its methods of managing financial affairs and especially in collecting revenues.

"As matters stand, American trade with China is of little importance and will never amount to much under the proposed new tariff or under any tariff. The collection of the government's revenues is placed in the hands of middlemen or thieving officials if you will, who permit only about 10 per cent of their collections to reach the government. China is on the verge of bankruptcy and unless the powers get together and force the country into revolutionizing its methods within the next 10 years there will be an awful crash in the far East. China will appear in the deplorable role of defaulting in her payments of indemnity to the treaty powers and the division of the Chinese empire among the big world powers will surely follow."

Mr. Sharrette gave it as his opinion that China would attach her signature to the new tariff before long.

Mr. Sharretts was instrumental in preventing the signing by China of the proposed new British commercial treaty, which by providing for an abolition of the Likin tax and increased duty on all imports, he says would have injured American trade with China.

THE OTTAWA SHOOT.

OTTAWA, Sept. 13.—The Americans have such a lead that they will almost certainly capture the Palma Trophy.

At 800 yards, the Americans scored 282; the British 262; the Canadians 246. At 900 yards the Americans scored 550; the British 523; the Canadians 508.

This gives the American team a lead of 42 over the British and 78 over the Canadians.

COAL IS WAY UP.

CHICAGO, Sept. 13.—The price of soft coal in Chicago has risen to $9 a ton, as compared with $3 50 on September 1. Anthracite is practically unobtainable and is quoted by some dealers as high as $25 a ton. The sudden advance in prices is attributed to the demand caused by the cold weather which, while not severe in itself, has aroused householders to a realization that their bins are empty.

SENECA COUNTY.

Democratic Caucus To-day Promises to be Lively—Personals and Miner Matters.

SENECA FALLS, Sept. 12.—The Democratic caucus this afternoon and evening is likely to be interesting because of the fight that is being waged against the machine by the so called "young Democracy." The machine delegates are: William T. Usher, William T. Blakney, William H. George, William Rogers, Peter P. Ferguson. The Young Democracy delegates are: Patrick J. Ryan, William Manwaring, Patrick McGraw, Frederick C. Wilcoxen, John Kent. The caucus will be held in Johnson Opera house and the polls will be open from 3 to 9 p. m. in order to give everybody an opportunity to vote.

A new directory of Seneca Falls and Waterloo is to be issued soon. It will be a 400 page book and will contain the name of every person over 20 years of age.

Miss Ollie Dean, formerly of this village, and Clarence W. Higgins, both of New York, were united in marriage in that city Wednesday, September 3.

Dr. Frank H. Newland, of Clifton Springs, is about to open an office in Seneca Falls, having leased rooms in the Radder building.

James E. Swarthout and family, of Elmira, are the guests of Mr. and Mrs. D. W. Edwards.

Miss Nellie Madigan, of Penn Yan, is the guest of her sister, Miss Nora Madigan, at No. 24 Adams street.

Dr. E. L. Carroll, of Albany, is the guest of D. A. O'Keefe.

Miss A. C. Edwards returns to Wilson, Niagara county, to-day to resume her duties as teacher in the public school.

Thomas Malm, of Titusville, Pa., is the guest this week of E. Golden and family.

DEATH OF JOHN J. MOORE.

John J. Moore died this afternoon soon after 1 o'clock at his home, No. 63½ Owasco street. Mr. Moore had been an active man during his days of life and had been not only a citizen of character and standing but led a useful life as well. For several years he was a member of the police force. His early occupation was that of mason and bricklayer. He was a veteran of the Civil war, having served in the Second Massachusetts cavalry from which he received an honorable discharge in 1865. He was a member of Crocker and Fair Haven posts, G. A. R. He is survived by his wife, one son, Fire Commissioner Edward J. Moore, two daughters, Mrs. A. A. Hawkins, of Detroit, and Mrs. F. W. Jones, of Auburn. Three sisters also survive, Mrs. White, of Henderson, Mrs. Elizabeth Green, and Mrs. Hester Felton, of Oswego.

Funeral services will be held at his late home Tuesday afternoon at 2:30 o'clock and burial will be in the family lot at Fort Hill.

DIED IN PRISON.

Death terminated the sentence of a life prisoner in Auburn prison yesterday afternoon at 3 o'clock, when Henry Miles, a Jefferson county murderer, passed away in the prison hospital. The cause of death was valvular disease of the heart. Miles was convicted in Watertown of the crime of murder and sentenced to be electrocuted during the week beginning December 16, 1894. On December 8, 1894, a week previous to the date assigned for electrocution, Governor Flower commuted his sentence to imprisonment for life. Miles has been employed about the prison hospital doing general work and had an excellent record since his arrival at the institution. He was 62 years of age and has been for some time on the sick roll at the hospital, suffering from heart difficulty. The remains were taken in charge by a brother who returned to Watertown with the body this morning.

A PERSISTENT BOY.

The small boys of Auburn were much interested in the balloons sent up by Secretary Dadmun, of the Y. M. C. A., from the top of the association building this noon. The balloons each contained two complimentary tickets for the "Brownies" and three of the four sent up soared away to the East. The other burned. The boys gave chase, following the balloons on bicycles and on foot. The tickets in one balloon were found by a young lad named E. R. Knollin, who chased one of the balloons for two miles East of Melrose. He has the tickets and consequently is a happy lad.

TO BE BURIED IN ENGLAND.

LONDON, Sept. 13.—It is now announced that Gwendoline, the nine year old daughter of William Waldorf Astor, who died of consumption yesterday morning at Cliveden will not be buried in New York as was at first intended. Her remains will be interred in the graveyard of the church at Hedsor, close to Cliveden.

SUFFERING FROM EXPOSURE.

CHARLESTON, W. Va., Sept. 13.—At Crescent mines, just above Montgomery, on the Kanawha river, the constable of that district, by order of the court has turned the striking miners out of the company houses. A cold rain is falling and finds many families without shelter and with all household effects exposed to the weather.

KILLED WIFE AND HIMSELF.

SIOUX FALLS, S. D., Sept. 13.—J. P. Harrington, a sign painter, shot and killed his divorced wife last night and then sent a bullett into his own breast, dying instantly. The cause of the murder and suicide was an unsuccessful attempt to induce the woman to again live with him.

CONFERENCE ENDED.

According to a Statement Given All Differences Were Discussed.

ALL REFUSED TO TALK.

The Meeting Was Prolonged Until Nearly 5 o'clock This Morning—It is Thought a Plan Was Proposed to Mitchell Which Will Bring About an Early Termination of the Hard Coal Strike—Nothing Definite, However, Could be Learned—No Go to Work First and Settlement Afterward Policy Will be Listened to by the Strikers.

HARRISBURG, Pa., Sept. 13.—At 4:30 this morning the conference at the executive mansion between Governor Stone, President Mitchell and other mine workers officials came to an end. The following statement was handed to the newspaper correspondents: "Messrs. Mitchell, Nicholls, Fahey, Duffey, Senator Flinn, Colonel Richardson and Governor Stone have been in conference. All the differences have been discussed with the best feeling."

Governor Stone and Senator Flinn would not be seen after the conference ended and went immediately to bed. Mr. McMullin, President Mitchell and the three district presidents refused to talk. Each said that all he had to say was contained in the statement. Mr. Mitchell would not even say whether the conference was satisfactory to him. The national president and Presidents Duffy and Fahey left for Wilkesbarre on the mail train at 4:40 a. m. President Nichols remained here.

While no official information can be had on the matter it is believed here that Governor and his colleagues submitted a proposition to President Mitchell which will tend to end the struggle in the hard coal field.

The conference was the result of the visit of Governor Stone, Attorney Flinn, Attorney General Elkin, Mr. McMullin and P. A. B. Widener, of Philadelphia to New York a few days ago when Mr. Widener called on J. P. Morgan. The meeting was called at the instance of the governor. There was a rumor in circulation that Governor Stone wanted the miners to return to work and have the operators adjust the differences afterward. If such a proposition was made it would be rejected by the mine workers' representatives. It can be authoritatively stated that the men will not return to work on those conditions. Attorney General Elkin and Mr. Widener were invited to the conference. It was given out that Mr. Elkin could not get here in time, but no reason was assigned for Mr. Widener's absence.

A COLONEL SUICIDES.

Most Prominent Southerner in New York Drank Carbolic Acid.

NEW YORK, Sept. 12.—Colonel John G. Garnett, one of the most prominent Southerners in New York, a West Point graduate, colonel of artillery under General Robert E. Lee in the Confederate army, and a native of Wakefield plantation, Westmoreland county, Va., was found dead to-day in the Ross hotel. He had committed suicide by taking carbolic acid. The body had been lying in the room two days before it was discovered.

Several days ago Mr. Garnett was visited by his brother, Dr. Garnett, of Hot Springs, Ark., and it is supposed they quarreled. A note which stated that the writer had been contemplating suicide for five days, was found beside the body. Mr. Garnett was head of the St. James Publishing company, and was at the time of his death engaged in writing a history of the West Point Military academy.

Among the letters and papers found was one from President Roosevelt indorsing a plan to establish a benevolent order of Spanish-American War veterans.

Colonel Garnett was an intimate friend of R. T. Wilson, Mrs. Cornelius Vanderbilt's father, and of Augustus Van Wyck. He was a prominent member of the Southern Society and of the Confederate camp of veterans.

AN ENTHUSIASTIC RALLY.

General Secretary Baer Given A Rousing Farewell by Christian Endeavorers.

MINNEAPOLIS, Sept. 13.—A farewell reception given here by the Minneapolis Christian Endeavor Union to John Willis Baer, general secretary of the World's Christian Endeavor Union was one of the most enthusiastic rallies ever extended to a christian endeavor worker since the national convention held here, 11 years ago.

Secretary Baer is now on his farewell tour after 12 years' service in Christian Endeavor. The twin cities, Minneapolis and St. Paul, and Chicago have been included in his Western tour. He is on his way to the East to take up his new work as secretary of the Presbyterian board of home missions on October 1.

In his farewell address as secretary of the world's Christian Endeavor union, Secretary Baer reviewed the work of the Christian Endeavorers in their 21 years' service, and the great development in that time. He dwelt for some time upon the opportunity of the Christian Endeavorers during the coming elections and their duties at the primaries of their parties.

Secretary Baer was presented with a beautiful sterling silver loving cup at the close of his address.
